

## Angel Investment Workshop

Good Investor Strategies  
Professional evaluation and due diligence

## High ROI = Successful Startups

### AUDIENCE

Angel Investors

### CHALLENGE

Many startups suffer from hobby investors with no objective of getting a return on investment. Startups on donations can't win. At the same time many investors suffer from not being successful and stop investing. The innovation ecosystem loses valuable capital resources. Little is known what it takes to bring young entrepreneurs to significant success

### THE CONCEPT

Successful investors share their experiences, helping others to be successful too.

- \* How to create a startup investment strategy
- \* How to get to the most potential winners
- \* How to evaluate and select investments
- \* How to find co-investors
- \* How to do the due diligence
- \* How to support the investees under way
- \* How many, how much, how long, how exit
